

## PECB Certified ISO 22301 Foundation

Become acquainted with the best practices of Business Continuity Management Systems (BCMS) based on ISO 22301

### Why should you attend?

ISO 22301 Foundation training enables you to learn the basic elements to implement and manage a BCMS as specified in ISO 22301. During this training course, you will be able to understand the different modules of a BCMS, including BCMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the “PECB Certified ISO 22301 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.
